

UNIVERSITY ACADEMIC REGULATIONS

Sample document for the University Regulation RAG Assistant

1. Attendance requirement

Students must maintain a minimum attendance of 75 percent in each course.

Attendance is calculated from the classes conducted during the semester.

Students with attendance between 65 and 74 percent may request condonation with supporting documents, subject to approval by the department committee.

Students below 65 percent attendance are not eligible to write the semester examination for that course unless an approved exception applies.

2. Leave of absence

Leave must be submitted to the department office within five working days of the student's return. Medical leave must include a valid certificate.

EXAMINATION GUIDELINES

3. Examination eligibility

A student must complete course registration and satisfy the attendance requirement before receiving a semester examination hall ticket.

Students must carry their university identity card and hall ticket to every examination. Mobile phones and unauthorized electronic devices are prohibited.

4. Internal assessment

Internal assessment contributes 40 percent of the final course mark.

The semester-end examination contributes the remaining 60 percent.

The internal assessment may include assignments, quizzes, laboratory work, attendance, and one or more internal tests as specified by the course teacher.

5. Re-examination

A student who is absent from an examination for an approved medical reason may apply for a re-examination within seven calendar days.

ACADEMIC INTEGRITY AND GRADING

6. Academic misconduct

Plagiarism, impersonation, copying, and possession of unauthorized material during an examination are treated as academic misconduct.

The examination committee may cancel the assessment and refer the matter to the disciplinary committee for further action.

7. Grade scale

The university uses the following grade scale: A is 90 to 100, B is 75 to 89, C is 60 to 74, D is 50 to 59, and F is below 50.

A student must obtain at least 50 marks to pass a course.

8. Graduation credits

Students must successfully complete 160 credits and all required courses to qualify for the undergraduate degree.
